

From Darko M, Tjørnestræde 11

Anyhow, here is my proposal-mini children sand playground with some elements as swing, toboggan etc.. There is one as such few blocks away in Lillegrundet.

Reason, there are at least 3 families with 2+ children.

I was thinking on the new playground, since our common backyard is quite big and it would not destroy any landscape and/or limit some other activities and would support various parents and children socializing.
